Risk Factors:	There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme. Selling Restrictions:	There are selling restrictions in relation to the United States, the European Economic Area, the United Kingdom and Japan, and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes. See 'Subscription and Sale' below.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The order in which the risk factors and uncertainties are presented is not intended to be an indication of their probability of occurrence or the magnitude of their potential effect if they should materialise. Additional risks and uncertainties not presently known to the Issuer or that it currently deems immaterial may also have a material adverse effect on its business, results of operations or financial condition and could negatively affect the value of the Notes.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

RISK FACTORS REGARDING THE ISSUER

The Issuer faces substantial competitive pressures which could adversely affect the Issuer's results of operations

There is substantial competition in The Netherlands for the issue of mortgage loans to private individuals and the other products and services that the Issuer provides. Competition in the financial services industry is furthered by the high level of consolidation in The Netherlands in the markets where the Issuer operates. Consolidation may create additional or stronger competitors and may intensify competition. The Issuer faces competition from companies such as SNS Bank N.V. and other financial institutions. If the Issuer is unable to offer competing attractive products and service that are profitable or is unable to innovate and provide new and competitively priced products and services to remain competitive, the Issuer may lose market share or incur losses on some or all of its activities. Consumer demand, technological changes, regulatory actions and other factors also affect competition. Competitive pressures could result in increased pricing pressures, particularly as competitors seek to win market share, and may harm the Issuer's ability to maintain or increase profitability.

Market conditions can adversely affect the results of the Issuer

The Issuer's business segment is affected by market conditions, which can cause results to fluctuate from year to year as well as on a long-term basis. These market conditions include, without limitation, fluctuations in interest rates, monetary policy, consumer and business spending and demographics.

Mortgage loans constitute a significant portion of the Issuer's total loan portfolio. As per 30 June 2006, mortgage loans accounted for 94 per cent¹ of the Issuer's assets. A significant downturn in the economy, especially if combined with a drop in property values and increased interest rates, could lead to a decrease in mortgage loans, increased default rates on these loans and may even have an adverse effect on the Bank's financial condition and/or results of operations.

Volatility in interest rates may negatively affect the Issuer's financial position or result from operations from its banking business

The results of the mortgage-banking operations of the Issuer are affected by its management of interest rates sensitivity. The composition of the Issuer's assets and liabilities, and any gap position resulting from that composition, causes the mortgage-banking operations' net interest income to vary with changes in interest rates. There can be no assurance that the Issuer will be able to successfully manage interest rate spreads or the potential negative impact of risks associated with sustained low interest rate changes. A mismatch of interest-earning assets and interest bearing liabilities in any given period may, in the event of changes in interest rates, have a material effect on the financial position or result from operations of the mortgage-banking business of the Issuer.

While the Issuer manages its operational risks, these risks remain an inherent part of all of the Issuer's businesses

The operational risks that the Issuer faces include the possibility of inadequate or failed internal or external processes or systems, human error, regulatory breaches, employee misconduct or external events such as fraud and changes in the regulatory framework. These events may result in financial loss and may harm the Issuer's reputation. Additionally, the loss of key personnel or inability to attract and retain staff could adversely affect the Issuer's operations and results.

The Issuer attempts to keep operational risks at appropriate levels by maintaining a well controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which it operates. While these control measures mitigate operational risks they may not be fully effective and cannot eliminate them completely.

The Issuer has counterparty risk exposure

The Issuer is subject to general credit risks, including credit risk of borrowers. Third parties that owe the Issuer money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans granted, trading counterparties, counterparties under swaps and credit and other derivative contracts, agents and other financial intermediaries. These parties may default on their

¹ unaudited

obligations to the Issuer due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

In addition, certain of the Issuer's financial products and services are distributed through third parties or form part of broader products and services sold by third parties. Any negative publicity in respect of such third parties or such broader products and services could result in significant damage to the Issuer's reputation, which could in turn greatly hinder the Issuer's ability to retain clients or compete for new business.

Catastrophic events, terrorist attacks and similar events could have a negative impact on the business and results of the Issuer

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto, may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which the Issuer operates and, more specifically, on the business and results of the Issuer in ways that cannot be predicted.

The Issuer's results of operations can be affected by significant adverse regulatory developments including changes in tax law

The Issuer conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in law, regulations, and policies in The Netherlands. The timing and form of future changes in regulation are unpredictable and beyond the control of the Issuer, and changes made could materially adversely affect the Issuer's business.

The Issuer is required to hold various licenses for its operations and is subject to regulation and supervision by authorities in The Netherlands (such as the Dutch Central Bank (*De Nederlandsche Bank N.V.*, the 'Dutch Central Bank'), the AFM and Euronext Amsterdam) and in all other jurisdictions in which it operates. Extensive regulations are already in place and new regulations and guidelines are introduced relatively frequently. Regulators and supervisory authorities seem to be taking an increasingly strict approach to regulation and the enforcement thereof which may not be to the Issuer's benefit. A breach of any regulations by the Issuer could lead to intervention by supervisory authorities and the Issuer could come under investigation and surveillance, and be involved in judicial or administrative proceedings. The Issuer may also become subject to new regulations and guidelines that may require additional investments in systems and people and compliance with which may place additional burdens or restrictions on the Issuer. For example, the Basel Committee on Banking Supervision of the Bank for International Settlements has developed new capital adequacy guidelines commonly known as Basel II. These guidelines were endorsed by central bank governors and the heads of bank supervisory authorities in the Group of Ten (G-10) countries in June 2004 and are expected to be implemented in the Netherlands in 2007. The guidelines require banks to make a choice for an approach of capital requirements related to risk levels. Should the Issuer not be able to implement the approach of capital requirements it considers optimal, it may be required to maintain levels of capital which could potentially impact its credit ratings, funding conditions and limit the Issuer's growth opportunities.

A downgrade of any of the Issuer's credit ratings may impact the Issuer's funding ability and have an adverse effect on the Issuer's financial condition

On 18 October 2006, Standard & Poor's Rating Services lowered its long- and short-term counterparty credit rating on the Issuer to 'A-/A-2' from 'A/A-1'. The outlook is stable. At the same time the 'A+' rating on the Programme has been affirmed. The counterparty credit rating on Eureko B.V. remained unchanged at 'A-/positive'. A (further) downgrade of any of the Issuer's ratings (for whatever reason) would result in higher funding and refinancing costs for the Issuer in the capital markets. In addition, a downgrade of any of the Issuer's ratings may limit the Issuer's opportunities to extend mortgage loans and may have a particularly adverse effect on the Issuer's image as a participant in the capital markets, as well as in the eyes of its clients. These factors may have an adverse effect on the Issuer's financial condition and/or results of operations.

An interruption, failure or breach of the Issuer's operational systems may result in lost business or other losses

The Issuer aims to limit its operational risks as far as possible by means of an internal control system based on a single set of procedures and instructions which apply throughout the Eureko Group (as defined under 'Eureko B.V.' below). Back-up and contingency facilities are in place for the relevant information and data processing and storage systems. In particular, as with most other banks, the Issuer relies heavily on communication and information systems to conduct its business. Any failure or interruption or breach in security of these systems could result in errors in the Issuer's management information and information reported to supervisory authorities and failures or interruptions in client relationship management, general ledger, deposit, servicing and/or loan organisation systems.

The Issuer's risk management policies and procedures may not be fully effective

The Issuer's policies and procedures to identify, monitor and manage risks may not be fully effective. Some of the actions taken to address various risks include but are not limited to entering into hedging transactions, prescribing limits on the amount of rate risk, liquidity risk and credit risk per counterparty that the Issuer may incur in its lending activities and fully securing loans. Some of these and other methods of managing risks employed by the Issuer are based upon the Issuer's use of observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be significantly greater than historical measures indicate. Other risk management methods depend upon evaluation of information regarding markets, clients or other matters that are publicly available or otherwise accessible to the Issuer. This information may not in all cases be accurate, up-to-date or properly evaluated. Management of operational, legal and regulatory risk requires, among other things, policies and procedures to properly record and verify a large number of transactions and events, and these policies and procedures may not be fully effective.

The Issuer may be required to make additional pension contributions

Achmea Personeel B.V. determines the pension cost under IFRS (*i.e.* IAS 19) for all Achmea employees, including employees of the Issuer, on an annual basis. The pensions for Achmea employees are insured within Achmea Pensioen- en Levensverzekeringen N.V. Achmea Personeel B.V. pays the premiums to the insurer

and, in turn, charges the IFRS pension cost to the various Achmea business units. In this system, all Achmea business units, including the Issuer, contribute a premium equal, in aggregate, to the IFRS pension cost. All IAS 19 liabilities are recognized on the balance sheet of Achmea Personeel B.V.

Pension costs are determined under several economic and geographical assumptions. Changes in these assumptions will change the pension cost and consequently may increase the contribution by the Issuer to Achmea Personeel B.V.

RISK FACTORS REGARDING THE NOTES

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Dual Currency Notes

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Prospective investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal.

Partly paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable Rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Agent may, without the consent of Noteholders, Receipholders or Couponholders, agree to (i) any modification (not

being a modification requiring the approval of a meeting of Noteholders) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the Netherlands.

Security proceeds

Unless directed by a meeting of the creditors of the Issuer as provided in Article 24 of the Trust Agreement (as defined below) and save as provided in paragraph 2 of that Article, the Security Trustee is not bound to enforce the lien in the event that the Issuer is in default under the Notes or any of its other debt obligations which have the benefit of the Trust Agreement. However, in the event that notice of lien is given by the Security Trustee or the Security Trustee (as defined below) gives notice of a default to the Issuer under Article 11 of the Trust Agreement, an event of default under the Notes will occur and the Notes will automatically become due and repayable. In such event it is most likely that a similar default will occur under other borrowings and hedging transactions entered into by the Issuer with the benefit of the Trust Agreement. Given that the mortgage loans which have been pledged to the Security Trustee will not become due and repayable but will continue to be repaid in accordance with their terms, it is unlikely that sufficient funds will be available to repay all such borrowings and to close out all such hedging transactions at the time they become due. Accordingly, in such an event prospective Noteholders may experience considerable delays in securing repayment of their Notes and, in certain circumstances, may not receive such repayment in full. In addition, any payments due under the mortgage loans may be subject to defences as described in 'Description of Security Arrangements'.

Life market loans

Reduced value of investments may affect the proceeds under certain types of mortgage loans. The value of investments made by one of the insurance companies in connection with the life insurance policies may not be sufficient for the Borrower to fully redeem the related mortgage receivables at its maturity.

In addition, if the value of the investments under the life mortgage loans has reduced considerably, a borrower may invoke set-off or defences against the Issuer arguing that he has not been properly informed of the risks involved in the investments. The merits of any such claim will, to a large extent, depend on the manner in which the life mortgage loans have been marketed and the promotional material provided to the borrower. Moreover, there is a risk that a borrower will invoke set off with the relevant mortgage receivable or invoke any other defence against the Issuer or the Security Trustee (as defined below) based upon alleged defects in the structuring and selling of the unit-linked insurance policy. In this respect it should be noted that the AFM has issued a report on this subject and there have been publications that civil law suit or a class action against certain insurance companies might be prepared. Any such set-off or defences may lead to losses under the mortgage receivables and thus to losses under the Notes.

European Monetary Union

If the United Kingdom joins the European Monetary Union prior to the maturity of the instruments, there is no assurance that this would not adversely affect investors in the Notes. It is possible that prior to the maturity of the Notes the United Kingdom may become a participating Member State and that the euro may become the lawful currency of the United Kingdom. In that event (i) all amounts payable in respect of any Notes denominated in Sterling may become payable in euro; (ii) the law may allow or require such Notes to be re-denominated into euro and additional measures to be taken in respect of such Notes; and there may no longer be available published or displayed rates for deposits in Sterling used to determine the rates of interest on such Notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro in the United Kingdom could also be accompanied by a volatile interest rate environment, which could adversely affect investors in the Notes.

EU Savings Directive

If, under EU Directive 2003/48/EC, a payment were to be made or collected through a Member State of the European Union which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent following implementation of the Directive, the Issuer will be required to maintain a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to the Directive.

Tax consequences of holding the Notes

Potential investors should consider the tax consequences of investing in the Notes and consult their tax adviser about their own tax situation. See also 'Netherlands Taxation' below.

Notes held in global form

The Notes will initially be held by a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg or by Euroclear Netherlands, in each case in the form of a global Note which will be exchangeable for definitive Notes in limited circumstances as more fully described in the section headed 'Form of the Notes' below. For as long as any Notes are represented by a global Note held by a common depositary or a common safekeeper, as the case may be, on behalf of Euroclear and/or Clearstream, Luxembourg, payments of principal, interest (if any) and any other amounts on a global Note will be made through Euroclear and/or Clearstream, Luxembourg (as the case may be) against presentation or surrender (as the case may be) of the relevant global Note and, in the case of a Temporary Global Note, certification as to non-U.S. beneficial ownership. The bearer of the relevant global Note, being the common depositary or the common safekeeper for Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Notes represented by such global Note with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes.

Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands, as the case may be.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such a holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Nominee Arrangements

Where, in the case of an issue of Notes a nominee service provider is used by an investor to hold the relevant Notes or such investor holds interests in any Series of Notes through accounts with a clearing system (such as Euroclear, Clearstream, Luxembourg or Euroclear Netherlands), such investor will receive payments in respect of principal, interest, (if any) or any other amounts due, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or clearing system, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or clearing system to distribute all payments attributable to the relevant Notes which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or clearing system, as well as the Issuer.

For the purposes of (a) distributing any notices to Noteholders, and (b) recognising Noteholders for the purposes of attending and/or voting at any meetings of Noteholders, the Issuer will recognise as Noteholders only those persons who are at any time shown as accountholders in the records of Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands as persons holding a principal amount of the relevant Series of Notes. Accordingly, an investor must rely upon the nominee service provider which is the accountholder with the relevant clearing system through which the investor made arrangements to invest in the Notes (and, if applicable, the domestic clearing system through which the Notes are held), to forward notices received by it from Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands and to return the investor's voting instructions or voting certificate application to Euroclear and/or Clearstream, Luxembourg or Euroclear Netherlands. Accordingly, such an investor will be exposed to the risk that the relevant nominee service provider or clearing system may fail to pass on the relevant notice to, or fail to take relevant instructions from, the investor.

In addition, such a Noteholder will only be able to sell any Note held by it prior to its stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer, the Arranger, any Dealer to be appointed under the Programme or the Agent shall be responsible for the acts or omissions of any relevant nominee service provider or clearing system nor makes any representation or warranty, express or implied, as to the services provided by any relevant nominee service provider or clearing system.

Change of law and jurisdiction

The conditions of the Notes are governed by Dutch law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to Dutch law or administrative practice after the date of this Prospectus.

Prospective investors should note that the courts of the Netherlands shall have jurisdiction in respect of any disputes involving any Series of Notes. Noteholders may take any suit, action or proceedings arising out of or in connection with the Notes against the Issuer in any court of competent jurisdiction. The laws of the Netherlands may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Notes.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the 'Investor's Currency') other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Return on an investment in Notes will be affected by charges incurred by investors

An investor's total return on an investment in any Notes will be affected by the level of fees charged by the nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

General risks

The value of the Notes may be influenced by national and international political, economic, social and environmental circumstances and developments.

IMPORTANT INFORMATION

Only the Issuer accepts responsibility for the information contained in this Prospectus. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Application has been made for the Notes to be issued under the Programme to be listed on Eurolist by Euronext Amsterdam and on the Luxembourg Stock Exchange. The AFM has been requested to provide the CSSF (in its capacity as the competent authority for the purposes of the Prospectus Directive) with a certificate of approval pursuant to Article 18 of the Prospectus Directive. Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche of Notes will be set forth in any final terms (each a 'Final Terms') which will be delivered to the AFM on or before the date of issue of the Notes of such Tranche.

The Programme provides that Notes may be listed on such other or further stock exchange or stock exchanges as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes.

If the terms of the Programme are modified or amended in a manner which would make the Prospectus, as supplemented, inaccurate or misleading, a new Prospectus will be prepared.

This Prospectus is to be read and construed with any amendment or supplement hereto, with any Final Terms and in conjunction with all documents which are deemed to be incorporated herein by reference (see 'Documents Incorporated by Reference' below). This Prospectus shall be read and construed on the basis that such documents are incorporated in and form part of this Prospectus.

The Dealers have not verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Prospectus or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Prospectus or any other information provided by the Issuer in connection with the Programme.

Subject as provided in the applicable Final Terms, the only person authorised to use this Prospectus in connection with an offer of Notes are the persons named in the applicable Final Terms as the relevant Dealer or the Distributor, as the case may be.

No person has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Prospectus nor any other information supplied in connection with the Programme (i) is intended to provide the basis of any credit or other evaluation (other than a credit or other evaluation of any Notes) or (ii) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other information supplied in connection with the Programme constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which would permit a public offering of any Notes in any jurisdiction outside the Netherlands and Luxembourg or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws or regulations. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in Japan, the European Economic Area and the United States (see 'Subscription and Sale' below).

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the 'Securities Act') and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons (see 'Subscription and Sale' below).

All references in this document to 'U.S. dollars', 'U.S.\$' and '\$' refer to the currency of the United States of America, those to 'Sterling' and '£' refer to the currency of the United Kingdom, those to 'euro', 'EUR', '€ and 'e' refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the

Treaty establishing the European Community, as amended from time to time (the 'Treaty').

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) or persons acting on behalf of any Stabilising Manager(s) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or person acting on behalf of the Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents, which have previously been published or are published simultaneously with this Prospectus and have been filed with the AFM, shall be deemed to be incorporated in, and form part of, this Prospectus:

- (a) the Articles of Association of the Issuer;
- (b) the publicly available audited annual financial statements of Eureko B.V. for the financial years ended 31 December 2006, 31 December 2005 and 31 December 2004;
- (c) the publicly available audited annual financial statements of the Issuer for the financial years ended 31 December 2006, 31 December 2005 and 31 December 2004;

No other documents or information form part of, or are incorporated by reference into, this Prospectus.

The Issuer will provide, without charge, to each person to whom a copy of this Prospectus has been delivered, upon the oral or written request of such person, a copy of any or all of the documents which are deemed to be incorporated herein by reference. Written requests for such documents should be directed to the Issuer at its registered office set out at the end of this Prospectus. In addition, such documents will be available free of charge from the office in Amsterdam of ABN AMRO Bank N.V. in its capacity as the Agent and from the office in Luxembourg of Dexia Banque Internationale à Luxembourg, société anonyme in its capacity as the Luxembourg Listing Agent.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to the information included in the Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Prospectus or publish a new Prospectus for use in connection with any subsequent issue of Notes. If the terms of this Programme are modified or amended in a manner which would make this Prospectus inaccurate or misleading, a new Prospectus will be prepared.

This Prospectus and any supplement will only be valid for listing Notes on Eurolist by Euronext Amsterdam, the Luxembourg Stock Exchange and/or any other stock exchange during the period of 12 months from the date of this Prospectus, in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed EUR 10,000,000,000 or its equivalent in other currencies. For the purpose of calculating the aggregate amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as defined under 'Form of the Notes' below) shall be determined, at the discretion of the Issuer, as of the date of agreement to issue such Notes (the 'Agreement Date') or on the preceding day on which commercial banks and foreign exchange markets are open for business in Amsterdam, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the Amsterdam foreign exchange market quoted by any leading bank selected by the Issuer on such date;

(b) the amount (or, where applicable, the euro equivalent) of Dual Currency Notes and Partly Paid Notes (each as defined under 'Form of the Notes') shall be calculated (in the case of Notes not denominated in euro, in the manner specified above) by reference to the original nominal amount of such Notes (in the case of Partly Paid Notes, regardless of the subscription price paid); and

(c) the amount (or, where applicable, the euro equivalent) of Zero Coupon Notes (as defined under 'Form of the Notes') and other Notes issued at a discount or premium shall be calculated (in the case of Notes not denominated in euro in the manner specified above) by reference to the net proceeds received by the Issuer for the relevant issue.

FORM OF THE NOTES

Each Tranche of Notes will (unless otherwise indicated in the applicable Final Terms) initially be represented by a temporary global Note (or, if so specified in the applicable Final Terms, a permanent global Note), without receipts, interest coupons or talons, which will either:

- (a) if the global Notes are intended to be issued in new global note ('NGN') form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the 'Common Safekeeper') for Euroclear and Clearstream, Luxembourg; or
- (b) if the global Notes are not intended to be issued in NGN form, (i) be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg or (ii) be deposited with Euroclear Netherlands.

On 13 June 2006 the European Central bank (the 'ECB') announced that Notes in NGN form are in compliance with the 'Standards for the use of EU securities settlement systems in ESCB credit operations' of the central banking system for the euro (the 'Eurosystème'), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystème operations if the NGN form is used.

Whilst any Note is represented by a temporary global Note and subject to TEFRA D selling restrictions, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary global Note if the temporary global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) have given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms.

On and after the date (the 'Exchange Date') which is not less than 40 days nor (if the temporary global Note has been deposited with Euroclear Netherlands) more than 90 days after the date on which the temporary global Note is issued, interests in the temporary global Note will be exchangeable (free of charge), upon request as described therein, either for interests in a permanent global Note without receipts, interest coupons or talons or for definitive Notes (as indicated in the applicable Final Terms) in each case (if the Notes are subject to TEFRA D selling restrictions) against certification of beneficial ownership as described in the second sentence of the preceding paragraph unless such certification has already been given. The holder of a temporary global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification,

exchange of the temporary global Note for an interest in a permanent global Note or for definitive Notes is improperly withheld or refused.

Definitive Notes will be either in the standard euromarket form, in K-form (including *verzamelbewijs*) (with Coupons) and/or in CF-form (with Coupon sheets). Definitive Notes and global Notes will be to bearer. Notes in K-form may, if applicable, have Talons for further Coupons attached but will not be issued with Receipts attached. Notes in CF-form will have neither Talons nor Receipts attached on issue and will be governed by the rules of the 'Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.' in Amsterdam.

Payments of principal and interest (if any) on a permanent global Note will be made through the relevant clearing system(s) (against presentation or surrender (as the case may be) of the relevant permanent global Note if the permanent global Note is not intended to be issued in NGN form) without any requirement for certification. A permanent global Note will be exchangeable (free of charge), in whole or (subject to the Notes which continue to be represented by the permanent global Note being regarded by the relevant clearing system(s) as fungible with the definitive Notes issued in partial exchange for such permanent global Note) in part in accordance with the applicable Final Terms, for security printed definitive Notes with, where applicable, receipts, interest coupons or coupon sheets and talons attached. Such exchange may be made, as specified in the applicable Final Terms either: (i) upon not less than 30 days' written notice to the Agent by Euroclear, Clearstream, Luxembourg (but not Euroclear Netherlands) as described therein or (ii) only upon the occurrence of an Exchange Event.

An 'Exchange Event' means (i) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no successor clearing system is available or (ii) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 8 which would not be required were the Notes represented by the Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 upon the occurrence of an Exchange Event. In the event of the occurrence of any Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands acting on the instructions of any holder of an interest in the global Note may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (ii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur no later than 15 days after the date on which the relevant notice is received by the Agent. Global Notes and definitive Notes will be issued pursuant to the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regard Notes in global form as fungible with Notes in definitive form.

In the case of Notes represented by a permanent global Note deposited with Euroclear Netherlands, the right of Noteholders to request delivery (*uitlevering*) of their Notes under the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*) shall be excluded except in the case of the occurrence of an Exchange Event as described above.

Interests in Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or Euroclear Netherlands, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, but shall not include Euroclear Netherlands.

The following legend will appear on all global Notes, definitive Notes, receipts and interest coupons (including talons) which are subject to TEFRA D selling restrictions:

'Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.'

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

Pursuant to the Agency Agreement (as defined under 'Terms and Conditions of the Notes' below) the Agent shall arrange that, where a temporary global Note representing a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such Tranche shall be assigned an ISIN and a common code by Euroclear and Clearstream, Luxembourg and/or a Fondscore by the LCH.Clearnet S.A. Amsterdam Branch which are different from the ISIN, common code and Fondscore assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

The following legend will appear on all global Notes held in Euroclear Netherlands:

'Notice: This Note is issued for temporary deposit with Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V. ('Euroclear Netherlands') at Amsterdam, the Netherlands. Any person being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved'.

A Note may be accelerated in certain circumstances described in Condition 10 of the Notes and in accordance with Article 11 of the Trust Agreement (as hereafter defined). In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to his account with the relevant clearing system(s) (other than Euroclear Netherlands) gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, holders of interests in such global Note credited to their accounts with the relevant clearing system(s) (other than Euroclear Netherlands) will become entitled to proceed directly against the Issuer on the basis of statements of account provided by the relevant clearing system(s) (other than Euroclear Netherlands) on and subject to the terms of the relevant global Note. In the case of a global Note deposited with Euroclear Netherlands, the rights of Noteholders will be exercised in accordance

with the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*) and the rules and regulations of Euroclear Netherlands.

FORM OF FINAL TERMS

Set out below is the Form of Final Terms which will be completed for each Tranche of Notes issued under the Programme. The Final Terms should be filed with the competent authority as soon as reasonably practicable and if possible in advance of the offer. The Final Terms must also be published in accordance with Article 14.2 of the Prospectus Directive.

1. Form, Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the Specified Currency, the Specified Denomination(s) and the Specified Form(s).

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, a Dual Currency Interest Note or a combination of any of the foregoing, depending on the Interest Basis shown in the applicable Final Terms.

This Note may be an Instalment Note, a Dual Currency Redemption Note, a Partly Paid Note or a combination of any of the foregoing, depending on the Redemption/Payment Basis shown in the applicable Final Terms.

Notes in definitive form are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. For Notes held through Euroclear Netherlands deliveries will be made in accordance with the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*). Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Agent and any Paying Agent may deem and treat the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note held on behalf of Euroclear Bank S.A./N.V., as operator of the Euroclear System ('Euroclear') and/or Clearstream Banking, société anonyme ('Clearstream, Luxembourg') each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions 'Noteholder' and 'holder of Notes' and related expressions shall be construed accordingly). Notes which are represented by a global Note held by a common depository or a common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be. In the case of Notes represented by a permanent global Note deposited with Euroclear Netherlands, a Noteholder shall not have any right to request delivery (*uitlevering*) of his Notes under the Dutch Securities Giro Transfer Act (*Wet Giraal Effectenverkeer*) other than as set out in the permanent global Note.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms but shall not include Euroclear Netherlands.

2. Status of the Notes and Negative Pledge

The Notes and the relative Receipts and Coupons constitute secured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and with all other present and future secured and unsubordinated obligations of the Issuer which constitute countersigned instruments under the Trust Agreement save for those preferred by mandatory provisions of law.

So long as any of the Notes remains outstanding (as defined in the Agency Agreement) (i) save as provided in the Trust Agreement and (ii) save, to the extent still applicable, in respect of Woonfonds Holland B.V. only, as provided in the Trust

Agreement between Woonfonds Holland B.V. and Stichting Trustee Woonfonds Holland dated July, 1992, the Issuer shall not, and will procure that none of its subsidiaries shall, create or have outstanding any mortgage, charge, lien, pledge or other security interest (each a 'Security Interest') upon, or with respect to, any of its respective present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Indebtedness for Borrowed Money (as defined below) or any guarantee of any Indebtedness for Borrowed Money, unless the Issuer has created Security Interests with respect to the countersigned certificates of indebtedness (including the Notes and the relative Receipts and Coupons) as required pursuant to the Trust Agreement.

For the purpose of this Condition, 'Indebtedness for Borrowed Money' means any present or future indebtedness of the Issuer or any of its subsidiaries (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit or (iii) any notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed whether by way of public offer, private placement, acquisition consideration or otherwise and whether issued or cash or in whole or in part for a consideration other than cash.

3. Security

Pursuant to the Trust Agreement, the Issuer has granted, and from time to time will grant, to the Security Trustee, for the benefit of the creditors (including the Noteholders) under instruments which have been countersigned by the Security Trustee pursuant to the Trust Agreement, a right of pledge from time to time over existing mortgage loans and/or other security permitted pursuant to the Trust Agreement of the Issuer.

Pursuant to the Trust Agreement the Issuer is obliged to ensure that at all times (x) the aggregate principal amounts of claims under debt instruments or hedging instruments which have the benefit of the Trust Agreement shall not exceed (y) the sum of the principal amount of the mortgage loans pledged to the Security Trustee, the securities and bonds pledged to the Security Trustee and the cash assets held by the Trustee in accordance with the Trust Agreement. Special provisions are included in the Trust Agreement in respect of the valuation of obligations which could result in a foreign exchange exposure and in respect of hedging arrangements.

The Security Trustee is entitled (but not bound) to enforce the lien by notifying all or several debtors of the mortgage loans or any other security pledged to it of the right of pledge on such mortgage loans or other instruments or otherwise enforce the lien if, *inter alia*:

- (a) the Issuer fails to perform any obligations under any instruments countersigned by the Security Trustee;
- (b) the Issuer defaults in its obligations to the Security Trustee; or
- (c) the Security Trustee has good reason to believe that the Issuer will fail to perform one or more of the obligation referred to in (a) or (b) above.

In the event of the lien being enforced in the manner referred to above, the Security Trustee will become entitled to receive payments due under the mortgage loans or

other instruments the subject of the lien in respect of which notice has been given to the debtors of the issue of pledge by the Trust Agreement and, after deduction for its cost and expenses, will pay such proceeds pro rata to the Issuer's creditors (including, but not limited to, the holders of Notes issued under the Programme) whose loans have the benefit of the Trust Agreement in accordance with the provisions of the Trust Agreement.

All security arrangements established for the benefit of the creditors (including the Noteholders) with the benefit of the Trust Agreement shall be exclusively governed and determined by the Trust Agreement.

Prospective Noteholders should note that, unless directed by a meeting of the creditors of the Issuer as provided in Article 24 of the Trust Agreement and save as provided in paragraph 2 of that Article, the Security Trustee is not bound to enforce the lien in the event that the Issuer is in default under the Notes or any of its other debt obligations which have the benefit of the Trust Agreement. However, in the event that notice of lien is given by the Security Trustee or the Security Trustee gives notice of a default to the Issuer under Article 11 of the Trust Agreement an event of default under the Notes will occur and the Notes will automatically become due and repayable. In such event it is most likely that a similar default will occur under other borrowings and hedging transactions entered into by the Issuer with the benefit of the Trust Agreement. Given that the mortgage loans which have been pledged to the Security Trustee will not, however, become due and repayable but will continue to be repaid in accordance with their terms, it is unlikely that sufficient funds will be available to repay all such borrowings and to close out all such hedging transactions at the time they become due. Accordingly, in such an event prospective Noteholders may experience considerable delays in securing repayment of their Notes and, in certain circumstances, may not receive such repayment in full. In addition, any payments due under the mortgage loans may be subject to defences as described in 'Description of Security Arrangements'.

4. Redenomination

(a) Redenomination

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear, Clearstream, Luxembourg and, if applicable, Euroclear Netherlands and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

Subject to any applicable regulations, the election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated in euro in the denomination of EUR 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed

to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Agent and other Paying Agents of such deemed amendments;

- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest EUR 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date they shall be issued at the expense of the Issuer in the denominations of EUR 1,000, EUR 10,000, EUR 100,000 and (but only to the extent of any remaining amounts less than EUR 1,000 or such smaller denominations as the Agent may approve) EUR 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the 'Exchange Notice') that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an interest Payment Date, it will be calculated:
 - (A) in the case of the Notes represented by a global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes; and
 - (B) in the case of definitive Notes, by applying the Rate of Interest to the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding;

- (vii) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (viii) such other changes shall be made to this Condition as the Issuer may decide, after consultation with the Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro. Any such other changes will not take effect until after they have been notified to the Noteholders in accordance with Condition 14.

(b) *Definitions*

In these Terms and Conditions, the following expressions have the following meanings:

'Established Rate' means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to Article 123 of the Treaty; 'euro' means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

'Redenomination Date' means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and 'Treaty' means the Treaty establishing the European Communities, as amended from time to time.

5. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable in arrear on the Interest Payment Date(s) in each year up to (but excluding) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon

Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. In these Terms and Conditions:

'Day Count Fraction' means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if 'Actual/Actual (ICMA)' is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the 'Accrual Period') is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (i) the number of days in such Determination Period and (ii) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year (as specified in the applicable Final Terms) assuming interest was to be payable in respect of the whole of that year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number

of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and

- (ii) if '30/360' is specified in the applicable Final Terms, the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

'Determination Period' means the period from and including a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

'Fixed Interest Period' means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date; and

'sub-unit' means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate equal to the Rate of Interest payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an 'Interest Payment Date') in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an 'Interest Payment Date') which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, 'Business Day' means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Amsterdam and in any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Amsterdam or any Additional Business Centre and which if the Specified Currency is Australian dollars shall be Sydney) or (ii) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the 'TARGET System') is open.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the applicable Final Terms on the following basis:

- (A) ISDA Determination
Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), 'ISDA Rate' for an Interest Period means a rate

equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. as amended and updated as at the Issue Date of the first Tranche of the Notes, (the 'ISDA Definitions') and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is the period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (LIBOR) or on the Euro-zone inter-bank offered rate ('EURIBOR') for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), 'Floating Rate', 'Calculation Agent', 'Floating Rate Option', 'Designated Maturity' and 'Reset Date' have the meanings given to those terms in the ISDA Definitions.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 5(b)(iv) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub- paragraph (A).

(B) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this subparagraph (B) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such quotation appears

or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then the Rate of Interest for such Interest Period shall in no event be less than such Minimum Rate of Interest and/or if it specifies a Maximum Rate of Interest for any Interest Period, then the Rate of Interest for such Interest Period shall in no event be greater than such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the 'Interest Amount') payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes represented by such global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

'Day Count Fraction' means, in respect of the calculation of an amount of interest in accordance with this Condition 5(b):

- (i) if 'Actual/365' or 'Actual/Actual' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if 'Actual/365 (Fixed)' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (iii) if 'Actual/365 (sterling)' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
 - (iv) if 'Actual/360' is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
 - (v) if '30/360', '360/360' or 'Bond Basis' is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 1230-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
 - (vi) if '30E/360' or 'Eurobond Basis' is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 1230-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).
- (v) Notification of Rate of Interest and Interest Amount

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed not later than the first date of the Interest Period and notice thereof to be published in accordance with Condition 14 as soon as possible after their (as defined below) determination but in no event later than the fourth Amsterdam Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression 'Amsterdam Business Day' means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in Amsterdam.

- (vi) Certificates to be Final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b) by the Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Notes*

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14 or individually.

6. Payments

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

(b) *Presentation of Notes, Receipts and Coupons*

Other than in the case of definitive Notes in CF-form, payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid

only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent (in the case of any payments to be made in U.S. dollars, outside the United States, which expression, as used herein, means the United States of America (including its 50 states and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of principal in respect of any definitive Notes in CF-form will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes together with the Coupon sheet attached. Payments of interest in respect of any definitive Notes in CF-form will be made in conformity with the agreement concluded between the Issuer and the 'Algemeen Obligatiekantoor van het Centrum voor Fondsenadministratie B.V.' in Amsterdam (the 'Obligatiekantoor'), under which agreement the Issuer has accepted the rules and regulations of the Obligatiekantoor.

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Interest Notes and Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter. Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Receipts and Talons (if any) appertaining thereto will become void and no payments in respect of any such Receipts and no further Coupons in respect of any such Talons will be made or issued, as the case may be.

Upon the date on which any Floating Rate Note, Dual Currency Interest Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Receipts, Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be

made in respect thereof. Where any such Note is presented for redemption without all unmatured Receipts, Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require. A 'Long Maturity Note' is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made on such global Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

(d) *General provisions applicable to payments*

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by

exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(e) *Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), 'Payment Day' means any day (subject to Condition 9) which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation; and
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Additional Financial Centre and which if the Specified Currency is Australian dollars shall be Sydney) or (2) in relation to any sum payable in euro, a day on which the TARGET System is open.

(f) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(e)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. Redemption and Purchase

(a) *At Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date or by instalments in the instalment amount(s) and on the instalment date(s) specified in the applicable Final Terms (in the case of a Note redeemable in instalments).

(b) *Redemption for Tax Reasons*

Unless otherwise specified in the applicable Final Terms, Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes or Dual Currency Interest Notes) or on any Interest Payment Date (in the case of Floating Rate Notes or Dual Currency Interest Notes), on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable) if, on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the Netherlands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes.

Each Note redeemed pursuant to this Condition 7(b) will be redeemed at its Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the Option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent,

(both of which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Price(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ('Redeemed Notes') will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear

Netherlands, in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the 'Selection Date'). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

Any Redemption of Notes at the option of the Issuer according to this Condition 14(c) should promptly after notification of the Noteholders be notified to any stock exchange on which the notes are for the time being listed.

(d) Redemption of Notes at the Option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Price specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note its holder must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, or, if applicable, Euroclear Netherlands, deliver at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a 'Put Notice') and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by, if this Note is in definitive form, this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, or

any common depository or safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time and, if this Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

(e) Early Redemption Amounts

For the purpose of paragraph (b) above and Condition 10, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or

- (iii) in the case of a Zero Coupon Note, at an amount (the 'Amortised Face Amount') calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

'RP' means the Reference Price;

'AY' means the Accrual Yield expressed as a decimal; and

'y' is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

(f) Instalments

Instalment Notes will be redeemed in the instalment amounts and on the instalment dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) Partly Paid Notes

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) Purchases

The Issuer may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes may be held, re-issued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(i) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(j) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Netherlands or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will depending on which provision is specified in the applicable Final Terms either:

- (a) make the required withholding or deduction of such taxes, duties, assessments or governmental charges for the account of the holders of the Notes, Receipts

or Coupons, as the case may be, and shall not pay any additional amounts to the holders of the Notes, Receipts or Coupons; or

- (b) pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:
- (i) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with the Netherlands other than the mere holding of such Note, Receipt or Coupon or the receipt of principal or interest in respect thereof; or
 - (ii) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
 - (iii) presented for payment by more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day (assuming that day to have been a Payment Day (as defined in Condition 6(e))); or
 - (iv) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
 - (v) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein, the 'Relevant Date' means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

9. Prescription

Claims for payment in respect of the Notes, Receipts and Coupons will be prescribed and become void unless made within a period of five years starting on the day following the date on which such payment first becomes due.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this

Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

10. Events of Default

If any one or more of the following events (each an 'Event of Default') shall have occurred and be continuing:

- (i) default is made in the payment of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 7 days in the case of principal and 14 days in the case of interest; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes or any covenant or undertaking or agreement of the Issuer in respect of the Notes and (except in any case where the failure is incapable of remedy when no continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by any Noteholder on the Issuer of notice requiring the same to be remedied; or
- (iii) any Indebtedness for Borrowed Money (as defined in Condition 2) of the Issuer or any of its subsidiaries becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer or any of its subsidiaries fails to make any payment in respect of any Indebtedness for Borrowed Money on the due date for payment as extended by any originally applicable grace period or any security given by the Issuer or any of its subsidiaries for any Indebtedness for Borrowed Money becomes enforceable or default is made by the Issuer or any of its subsidiaries in making any payment due under any guarantee and/or indemnity given by it in relation to any Indebtedness for Borrowed Money of any other person; or
- (iv) an order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer or any of its subsidiaries; or
- (v) the Issuer or any of its subsidiaries ceases or threatens to cease to carry on the whole or a substantial part of its business, or the Issuer or any of its subsidiaries stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law or is adjudicated or found bankrupt or insolvent; or
- (vi) (a) proceedings are initiated against the Issuer or any of its subsidiaries under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made for the appointment of an administrative or other receiver, manager, administrator or other similar official, or an administrative or other receiver, manager, administrator or other similar official is appointed, in relation to the Issuer or any of its subsidiaries or, as the case may be, in relation to the whole or a part of the undertaking or assets of the Issuer or any of its subsidiaries, or an encumbrancer takes possession of the whole or a part of the undertaking or assets of the Issuer or any of its subsidiaries, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a part of the undertaking or assets of the Issuer or any of its

subsidiaries and (b) in any case (other than the appointment of an administrator) is not discharged within 14 days; or

- (vii) the Issuer or any of its subsidiaries initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or
- (viii) any amendment to the Issuer's Articles of Association which is detrimental to the interests of the Noteholders is effected and is not reversed within three months following the service by any Noteholder on the Issuer of a notice requiring the same to be reversed; or
- (ix) the Security Trustee takes any steps to enforce the lien by notifying the respective debtors of the mortgage loans of the pledge on such mortgage loans under the Trust Agreement or the Security Trustee gives notice of acceleration to the Issuer in respect of the Notes under Article 11 of the Trust Agreement; or
- (x) the Issuer is declared bankrupt, or a declaration in respect of the Issuer is made under Paragraph 3.5.5 of the Financial Markets Supervision Act,

then (except in the case of the events referred to in paragraph (viii) which will result in the Notes automatically becoming due and repayable) any Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by the holder to be forthwith due and payable whereupon the same shall be forthwith due and payable at the Early Redemption Amount (as described in Condition 7(e)), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

The Trust Agreement does not allow individual creditors of the Issuer (including the Noteholders) to enforce the lien.

Prospective Noteholders should note that, unless directed by a meeting of creditors of the Issuer as provided in Article 24 of the Trust Agreement and save as provided in paragraph 2 of that Article, the Security Trustee is not bound to enforce the lien in the event that an Event of Default occurs under the Notes. The Trust Agreement does not preclude individual Noteholders from bringing actions against the Issuer in respect of any Event of Default.

11. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 6(d). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

13. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

14. Notices

All notices regarding the Notes shall be published (i) in at least one daily newspaper of wide circulation in the Netherlands, (ii) if so specified in the applicable Final

Terms in a leading English language daily newspaper of general circulation in London (which is expected to be the Financial Times), (iii) if and for so long as the Notes are listed on Eurolist by Euronext Amsterdam, in the Daily Official List (*Officiële Prijscourant*) of Euronext Amsterdam N.V. and (iv) if and for so long as the Notes are listed on the Luxembourg Stock Exchange and for so long as the rules of such exchange so require, in a daily newspaper of general circulation in Luxembourg (which is expected to be the *d'Wort* or *Tageblatt*). Any such notice will be deemed to have been given on the date of the first publication in all the newspapers in which such publication is required to be made.

Until such time as any definitive Notes are issued, there may (provided that, in the case of any publication required by the rules of a stock exchange, the rules of that stock exchange agrees), so long as the global Note(s) is or are held in its or their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for publication in some or all of the newspapers referred to above, the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the holders of the Notes. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Where the identity of all the holders of the Notes is known to the Issuer, the Issuer may (provided that, in the case of any publication required by a stock exchange, that stock exchange agrees) give notices individually to such holders in lieu of publication as provided above.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together (in the case of Notes in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

15. Meetings of Noteholders, Modification and Waiver

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more

persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification (except as mentioned above) of the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

Prospective Noteholders should note the provisions of Article 21 to and including Article 25 of the Trust Agreement relating to meetings of creditors of the Issuer which will apply to them in their capacity as such creditors.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

17. Additional obligations

The Issuer submits for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders to the jurisdiction of the courts of The Hague, the Netherlands, judging in first instance, and its appellate courts. Without prejudice to the foregoing, the Issuer further irrevocably agrees that any suit, action or proceedings arising out of or in connection with the Agency Agreement, the Notes, the Receipts and the Coupons may be brought in any other court of competent jurisdiction.

USE OF PROCEEDS

Except as otherwise specified in the applicable Final Terms, the net proceeds from each issue of Notes will be applied by the Issuer to finance mortgage loans or refinance its existing indebtedness. If in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

As a holding company, Eureko, and its major Dutch holding subsidiaries rely principally on distributions of internal dividends and excess liquidity from operating

Shareholder and Organisational structure ¹ (per June 2007)

¹ Percentages reflect to total share capital in Eureko with voting rights

General operations of the Eureko Group

The Eureko Group offers a full range of insurance products (life insurance, health insurance and non-life insurance), pension products and banking services. The Eureko Group philosophy is to create an integrated European group consisting of leading market players in the territories in which its companies operate, providing 'local solutions, shared goals'. Each of its operating companies has strong brands; they know their local markets, and are customer-focused. It is this local expertise, combined with the backing of a strong European group and sharing of skills and experience throughout the Eureko Group which is the cornerstone of the Eureko Group's values. The operating companies retain their own brand names, as brand recognition in their territories is very strong.

Dutch operations of the Eureko Group

Through Achmea Group as a leading financial services provider in the Netherlands, the Eureko Group offers businesses, institutions and consumers a broad range of insurance, banking and mortgage products. The Achmea Group links other services to these products so as to enhance their value and to provide greater convenience for the consumer. These services include emergency assistance at home and abroad, health and safety services, absenteeism prevention and workplace reintegration services, as well as health services, which aim for prevention rather than cure, and encourage a healthy lifestyle for its policyholders. The Achmea Group also administers pension schemes and provides asset management services.

Through its power brands, including, among others, Interpolis, Centraal Beheer Achmea, Zilveren Kruis Achmea, Avéro Achmea and FBTO, the Eureko Group holds an important position in the non-life, (occupational) health and life insurance market segments. The Eureko Group makes use of all the major distribution channels, both traditional and relatively new channels: personal, telephone and workplace sales, as well as sales through agents, intermediaries and banks (via Interpolis) and, increasingly, direct sales via the internet.

The Achmea Group banking activities primarily focus on retail banking and, through Staalbankiers N.V., private bank for high net worth individuals.

Incorporation and history

Incorporation

Eureko was incorporated on 30 December 1991 as a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) under the laws of The Netherlands. It has its corporate seat in Amsterdam, the Netherlands. The articles of association of Eureko were most recently amended on 28 December 2004. Eureko is registered in the Commercial Register of Utrecht under number 33235189 and it has its offices at Handelsweg 2, 3707 NH Zeist.

In 2005, Eureko acquired all issued and paid-up shares in the share capital of Interpolis N.V. As consideration for the acquisition of these shares, Eureko issued new shares in the capital of Eureko to Coöperatieve Centrale Raiffeisen-Boerenleenbank B.A., trading as Rabobank Nederland ("Rabobank Nederland"), Interpolis N.V.'s former parent company, on 15 November 2005. As a result, Rabobank Nederland increased its shareholding in Eureko from 4.5% to 34.4%.

Agreement among the two largest shareholders of Eureko

Vereniging Achmea (together with Stichting Administratiekantoor Achmea through which Vereniging Achmea holds its shares in Eureko), Rabobank Nederland and Eureko entered into a cooperation agreement. Pursuant to this cooperation agreement each of Vereniging Achmea and Rabobank Nederland is entitled to an equal number of representatives on a coordination committee. The coordination committee aims to advise the Eureko Supervisory Board and the Eureko Executive Board on important issues. In addition, Vereniging Achmea and Rabobank Nederland have the right to appoint directors in each others supervisory and management boards and have agreed to respect each other's interests and the mutual interest of Eureko. Finally, they have

undertaken not to enter into strategic alliances with third parties which could harm the competitive position of one of the parties.

Supervision

Eureko is subject to supplementary supervision of insurance companies within an insurance group as referred to in section 3:282 of the Financial Markets Supervision Act ("FMSA") (*Wet op het financieel toezicht*). Eureko is not subject to supervision by the Dutch Central Bank (*De Nederlandsche Bank*) under the FMSA.

Recent developments

Developing the Strategic European Focus

Eureko B.V. and T. Garanti Bankası ("Garanti") of Turkey have announced on 15 February 2007 that they have reached agreement for a long-term, exclusive insurance partnership, whereby Eureko is to acquire 80% of Garanti's Non-Life insurance business - Garanti Sigorta A.S. ("GS"), as well as a 15% stake in Garanti Emeklilik ve Hayat A.S. ("GE"), Garanti's Life and Pensions business. The transaction also provides Eureko with an option to acquire a further 35% of GE, and encompasses a long-term agency agreement with Garanti, covering both GS' and GE's current and new business. The total consideration payable for the transaction is EUR 465 million. This reflects both the potential that lies within the dynamic and fast-developing Turkish market, and the quality of Garanti as a business partner. The deal is completed on 21 June 2007.

Agis Zorgverzekeringen

On 14 June 2007, Eureko and Agis Zorgverzekeringen have reached agreement to merge their health insurance activities. It is expected that the merger will be completed before the end of this year. This merger will create the largest health insurance group in The Netherlands, with a total of 4.7 million persons insured. On the merger date, Agis will become an autonomous business unit within Achmea, the Dutch operation owned by Eureko. Both the Agis brand and the Agis organisation will be retained. The merger will have no impact on jobs. Owing to their cooperative backgrounds, Achmea and Agis complement one another well in terms of philosophy and culture.

Outlook and trends

The Eureko Group's focus is twofold: (i) increasing operational efficiency and achieving cost leadership in mature European markets, particularly in The Netherlands through the integration of the Achmea Group and Interpolis, and (ii) expand in maturing markets in Central and Eastern Europe through an increased focus on organic growth and the pursuit of selective merger and acquisition opportunities. The resolution of the conflict with the Polish State with respect to the privatisation of PZU remains a key element of the Eureko Group's expansion strategy in that region.

Part of Eureka's strategy is to seek further cooperation with Rabobank with the aim to optimise and align the activities, operations and systems of the two groups. Such optimisation and alignment may be pursued in the Dutch operations, as well as internationally.

Profile

The Bank was incorporated on 16 June 1995 with the purpose of collectively attracting funding on the capital and money markets to fund the mortgage portfolios of the mortgage companies of Achmea ("Achmea Group"). Until the legal merger as of 1 September 2000 the mortgage companies of which each have granted loans under its own name were the following:

- Avéro Hypotheken B.V.
- FBTO Hypotheken B.V.
- Centraal Beheer Hypotheken B.V.

- Centraal Beheer Woninghypotheken B.V.
- Woonfonds Holland B.V.
- Woonfonds Nederland B.V.
- Zilveren Kruis Hypotheken B.V.

Since the legal merger, the Bank issues mortgage loans under several (insurance) brand names to private individuals in the Netherlands. Two methods are used: direct writing (Centraal Beheer Achmea, FBTO, Zilveren Kruis Achmea) and through an intermediary (Avéro Achmea, Woonfonds Hypotheken). The mortgage business of the Bank is linked with the other activities of the Achmea Group, especially the life insurance and the investment funds business. In principle, mortgages are provided for residential property only. The Bank has merged with its sole subsidiary Woonfonds Holland B.V. on 1 January 2004.

In 2006, the Interpolis mortgage portfolio was taken over by Buying Interpolis BTL Hypotheken B.V. and Interpolis Schade Hypotheken B.V.

As per 5 April 2007 Interpolis Schade Hypotheken B.V. and Interpolis BTL Hypotheken B.V. merged with Achmea Hypotheekbank N.V.

The total mortgage-portfolio of the Bank expanded from EUR 4.2 billion at the end of 1995 to EUR 13.6 billion per 31 December 2006. The funding of the Bank in 1995 depended fully on private placements with mostly Dutch institutional investors. Nowadays the Bank taps the Euromarket with private and public loans under its own MTN programme. The Bank issues debt instruments secured by a pledge of mortgage receivables under a trust agreement entered into by the Bank, with Stichting Trust Achmea Hypotheekbank as most recently amended on 2 November 2000 (the "Trust Agreement"). The portfolio subject to the Trust Agreement amounted to EUR 5.5 billion as at 31 December 2006. In 1999 the first private securitisation of EUR 0.2 billion was completed. Securitisation as at 31 December 2006 totals EUR 6.4 billion. Profits in the last five years varied from EUR 2 to 27 million per year. The result for 2005 was EUR 27 million and for 2006 EUR 2 million. The main reason for this decline was the narrower interest margin, owing to heightened competition, and the decreased income from penalty interest. The main reason for this decline was the narrower interest margin, owing to heightened competition, and the decreased income from penalty interest. The Bank of International Settlement - ratio ("BIS-ratio") as at 31 December 2006 was 10.9 per cent.

On the 26 February 2007, under its new covered bond programme (programme size EUR 10 billion), Achmea Hypotheekbank concluded an initial issue of EUR 1.5 billion (AAA/Aaa). The bonds are issued with the guarantee of a mortgage portfolio transferred to an SPV.

Operations

The bank issues mortgage loans to private individuals in the Netherlands. There are three mortgage scenarios: direct writing (Centraal Beheer Achmea Hypotheken), FBTO via the mortgage service of Vereniging Eigen Huis and through an intermediary (Avéro Achmea Hypotheken and Woonfonds Hypotheken). It should be noted that the mortgage business of the Bank is linked with the other activities of the

Group, especially the life insurance business and investment funds. In principle, mortgage facilities are provided only for residential property. At present the mortgage businesses carry the following range of residential mortgage products:

- combined life assurance mortgage;
- savings mortgage (spaarhypotheek);
- redemption-free mortgage;
- annuity mortgage;
- linear mortgage;
- unit linked mortgage;
- investment mortgage; or
- any combination thereof.

In the near future other mortgage products might be introduced.

Within the directives of the Achmea Group, the Bank is responsible for the acceptance and the servicing of mortgages, as well as risk, product and pricing policies.

The Bank's basic responsibilities include:

- the operation of a commercial policy and the marketing of mortgage loans;
- the operation of a reliable financial, mortgage and policy administration;
- the operation of an adequate administrative organisation and reliable automation system;
- the provisions of information sufficient to enable it to comply with its obligations and responsibilities;
- compliance with statutory requirements regarding solvency and cash position;
- supervision of compliance with directives issued by the Dutch Central Bank, regarding the maintenance of a reliable administrative organisation and internal control system by the mortgage brands and regulations issued by the AFM; and
- ensuring a reliable and continuous data processing system, more specifically on the basis of maintenance of the Bank's systems and of the interfaces with the systems operated by the individual mortgage brands.

The task which the Bank performs on the basis of these responsibilities include:

- determination of the funding requirements;
- preparation and monitoring of the interest rate and risk policies and execution of clearing transactions in relation to funds transfers;

- preparation and maintenance of the administrative organisation, performance of internal control procedures;
- preparation and monitoring of risk standards and of product, acceptance and pricing policies;
- preparation and maintenance of a reliable and continuous data processing system and providing support in the areas of market analysis and product development;
- compilation of management reports;
- execution of specialist tasks such as special management and legal and fiscal matters; and
- coordination of the contacts with the Dutch Central Bank and other representative organisations.

The mortgage portfolio of the Bank amounts as at 31 December 2005 to approximately EUR 12.7 billion. This portfolio consists of approximately EUR 2.3 billion of mortgages with the benefit of the Gemeente Garantie (municipality mortgage guarantee). Apart from that it consists of approximately EUR 3.2 billion of mortgages less than or equal to 75 per cent of the value of the security granted, indexed from the time of granting of the mortgage and for approximately EUR 0.9 billion relating to other. The remaining approximately EUR 6.3 billion of mortgages forming part of mortgage backed securitisation transactions.

Supervision by the Dutch Central Bank

On 1 November, 1995 the Dutch Central Bank issued a general banking licence to the Bank which pursuant to the provisions of the former Act on the supervision of the credit system (Wet toezicht kredietwezen 1992) was consequently registered as a credit institution without special restrictions and which is therefore under the permanent supervision of the Dutch Central Bank, pursuant to which it provides the latter with all information required on banking developments, such as cash position and solvency. Pursuant to the security arrangements under the Trust Agreement, the Security Trustee is required to countersign a certificate of indebtedness only if on the date of such countersigning the total amount remaining owed by the Bank under the existing countersigned certificates of indebtedness and its obligations on account of countersigned financially derived products, together with the amount of the certificate of indebtedness to be countersigned, does not exceed the total amount of the security pledged to the Security Trustee. This check by the Security Trustee does not provide for an assessment of the quality of the security pledged. See also 'Description of the Security Arrangements'.

Interest rate mismatch

As a financial institution, managing interest rate risk is a normal part of the Bank's business. The Bank maintains a conservative approach in terms of interest rate mismatches and actively manages those mismatches. It should be understood, however, that interest rate risk may still affect the results of the Bank.

Acquisitions and disposals

As a result of the merger between Averro Achmea and Levob, the Bank acquired the retail mortgage loan portfolio of Levob at 1 July 2005, with a total volume of approximately EUR 102 million. On 1 December 2006 the Bank has acquired two legal entities which hold the mortgage portfolio of Interpolis with a total volume of approximately EUR 926 million. Otherwise there were no material acquisitions and disposals during 2005, 2006 or to date in 2007.

Material contracts

The Bank did not enter into any material contracts outside the ordinary scope of business during 2005, 2006 or to date in 2007.

Competitive position

There is substantial competition in the Netherlands for the types of mortgages and other products and services the Bank provides. Competition in the financial services industry is furthered by the high level of consolidation in the Netherlands in the markets where the Bank operates. The Bank faces competition from companies such as Rabobank, ABN AMRO Bank N.V., SNS Bank N.V. and many others.

Recent developments

In addition to challenges of a competitive mortgage market, the penalty interest due to early redemption is reduced substantially. As a result, the interest margin of the Bank has come under pressure. The BIS ratio of the bank will continue to be targeted at a minimum of 10.5%.

On 30 July 2007, Achmea Bank Holding N.V., the shareholder of the Bank, made an additional contribution of EUR 55 million to the shares of the Bank. This contribution can be regarded as (non-stipulated) share premium (*niet-bedongen agio*) and will be added to the share premium reserve of the Bank.

On 30 July 2007, an investor paid EUR 30 million on an investment in subordinated debt (LT2) for the Bank.

In July 2007, parties invested in the new Covered Bond issues of the Bank amounting to EUR 1.25 billion and CHF 200 million. The money will be paid in August 2007 and will be used to buy back loans for an amount of EUR 1.41 billion.

DESCRIPTION OF THE SECURITY ARRANGEMENTS

General

The Bank has entered into the Trust Agreement with the Security Trustee. Pursuant to the Trust Agreement the Bank may from time to time (i) borrow funds (*inter alia* by way of loans and issues of Notes under the Programme) for the purposes of funding mortgage loans to various borrowers (the 'Mortgagors') or to refinance its existing indebtedness and (ii) enter into hedging arrangements with respect to some or all of such borrowings. Pursuant to the terms of the Trust Agreement the Bank has by way of security for the payment of the obligations referred to in (i) and (ii) above undertaken to grant to the Security Trustee a right of pledge (*'pandrecht'*) on certain of its mortgage loans and to the extent possible any rights it has under insurance policies entered into by the Mortgagors relating to the mortgage loans and possibly certain other assets.

In order to ensure that an effective right of pledge is granted by the Bank to the Security Trustee for the benefit of the creditors entitled to the benefit of the Trust Agreement, the Trust Agreement provides that the Security Trustee has an independent claim against the Bank which is also secured by the right of pledge referred to above. This claim is equal to the aggregate amount of the claims of all creditors entitled to the benefit of the Trust Agreement.

Pursuant to the Trust Agreement the Bank must ensure that at all times the aggregate principal amounts of claims under debt instruments or hedging instruments with the benefit of the Trust Agreement shall not exceed the sum of the principal amount of the mortgage loans and other assets pledged to the Security Trustee in accordance with the Trust Agreement. Special provisions are included in the Trust Agreement in relation to the valuation of obligations which could result in a foreign exchange exposure and with respect to hedging arrangements.

Under the Trust Agreement, the Security Trustee may (but is not bound to) enforce the pledge, by notifying all or several debtors of the mortgage loans or other security pledged to it of the pledge on such mortgage loans or other assets in the following events:

1. the Bank failing to fulfil its obligations under any debt instruments countersigned by the Security Trustee (such countersignature evidencing entitlement to the benefit of the Trust Agreement); or
2. the Bank failing to fulfil its obligations towards the Security Trustee; or
3. the Security Trustee having good reason to believe that the Bank will fail to perform one or more of its obligations referred to under 1 or 2 above.

Should the pledge be enforced in the manner referred to above, payment of outstanding principal, interest and costs due under the mortgage debts subject to the pledge will be paid to the Security Trustee and, after deduction of the Security Trustee's costs and expenses, will be paid to the creditors (including, but not limited to, the Noteholders) whose loans have the benefit of the Trust Agreement in accordance with the Trust Agreement. Such payments will be made on a pro rata basis

provided that no amount paid to a creditor shall exceed the amount due and payable to that creditor.

Mortgage Loans

In the Netherlands different types of mortgages are granted. These include mortgages securing specific loans, mortgages securing credit facilities, known as credit mortgages (*krediethypotheken* or Credit Mortgage) and mortgages securing all monies payable, known as bank mortgages (*bankhypotheken* or 'Bank Mortgage'). A substantial part of the mortgages that are granted to the Bank are Credit Mortgages or Bank Mortgages. Prospective Noteholders should note that, in the case of Bank Mortgages or Credit Mortgages, it is uncertain whether the rights of the mortgagee would pass to the Security Trustee under the pledge to the Security Trustee of the underlying mortgage receivables and that the Security Trustee would not therefore be able to exercise rights of foreclosure and other similar rights of a mortgagee in respect of such mortgages.

Insurance arrangements

Many of the mortgage loans are life assurance mortgages (*levenhypotheken*) or savings mortgages (*spaarhypotheken*), under which no principal, but interest only, is paid by the Mortgagors to the Bank prior to maturity of the loan. The Mortgagor enters into a life insurance policy under which the insurance company agrees to pay at maturity (or on earlier death of the Mortgagor) a specified amount. It is possible that such amount payable could be less than the outstanding principal under the mortgage.

The Bank may receive payments in respect of the insurance policies from the relevant insurance companies. Often the Mortgagors will have appointed themselves as first beneficiaries under the policies for any payment 'during life' (at maturity date) and a co- obligor or third party for any payment 'at death' of the insured.

To the extent that the Mortgagors are designated as beneficiaries in respect of payments to be made 'during life' on the expiration date of the insurance policy (maturity date) the Mortgagors have generally pledged their rights to receive such payment to the Bank. It should be noted, however, that in respect of rights which have been pledged to the Bank, to the extent that they serve not only as security for the relevant mortgage loans, but for all monies payable to the Issuer, or in respect of credit facilities, the above stated with respect to Bank Mortgages or Credit Mortgages applies *mutatis mutandis* to such pledges. It should also be noted that a right to receive payment as a beneficiary may constitute a future right. If such right qualifies as a future right it will not be subject to the pledge by the Mortgagor in favour of the Bank if it is deemed to arise after the commencement of bankruptcy proceedings or a moratorium of payments of a Mortgagor. In addition it is possible that the right of a beneficiary is a personal right which cannot be transferred. In this case the right of the Mortgagors to receive such payments as beneficiaries will also not be subject to the pledge in favour of the Bank.

In respect of payment 'at death' the Mortgagors will, for inheritance law reasons, often have granted a power of attorney to the insurance companies pursuant to which the insurance companies are instructed to apply the proceeds towards satisfaction of the obligations of the Mortgagors to the Bank under the mortgage loans. In the event that the power of attorney is deemed not to have been properly granted or where rights in

respect of payments are deemed to be those of the relevant beneficiary 'at death' the Bank will in certain scenarios be deemed to be the first beneficiary in respect of payments 'upon death'. Upon notification being given to the Mortgagors and the insurance companies of the pledge in favour of the Security Trustee, the insurance company acting upon a power of attorney in respect of payments 'at death' will be obligated to make payments directly to the Security Trustee unless the insurance company can successfully assert a right of set-off. If the Bank is deemed to be the beneficiary, the insurance companies will be obligated to make the payments to the Bank, unless such rights have been successfully pledged to the Security Trustee and the insurance company has been notified of such pledge in which case the payment must be made to the Security Trustee. As mentioned above, a right to receive payment as a beneficiary may constitute a future right. If this is the case, the right to receive these payments will not be subject to a pledge by the Bank in favour of the Security Trustee if it is deemed to arise after the commencement of bankruptcy proceedings or a moratorium of payments of a Mortgagor.

Defences

As set out in more detail below it cannot be excluded that, in respect of life assurance mortgage loans that are not savings mortgage loans, a Mortgagor could assert a defence in the event that the relevant insurance company fails to make payment under the insurance policies. In particular, this would be the case in the event that the life insurance policy was entered into specifically in connection with the granting of the mortgage loans and, even more so, if the life insurance company issuing such policy forms part of the Achmea group. The same analysis would apply in the case of investment linked products. In respect of savings mortgage loans a Mortgagor would have an even greater chance to successfully invoke such a defence in view of the close connection between the terms of the savings insurance policy and savings mortgage loans.

If any insurance company is no longer able to meet its obligations under the savings insurance policies (for example it is declared subject to emergency regulations or bankruptcy) Mortgagors that have entered into such savings insurance policies may try to limit the rights of the Bank or the Security Trustee under the mortgage receivables. Such Mortgagors would argue that they are not liable to pay the amount outstanding under the mortgage receivables to the extent the Bank or the Security Trustee would have received such amount from the relevant insurance company, but for such default by this insurance company. The Mortgagors could, *inter alia*, argue that it was at least the intention of the parties involved that they could rightfully interpret the mortgage documentation and the promotional materials in such manner that the mortgage loan and the relevant insurance policy are to be regarded as one inter-related legal relationship or that the mortgage receivable would be repaid (fully or partially) by means of the proceeds of the insurance policy and that, failing such proceeds being so applied, the Mortgagor is not obliged to repay the (corresponding) part of the mortgage loan. On the basis of similar reasoning; a Mortgagor may also argue that the mortgage loans and the insurance policy were entered into as a result of 'error' (*dwaling*) or that it would be contrary to principles of reasonableness and fairness (*redelijkheid en billijkheid*) for the Mortgagor to be obliged to repay the mortgage loan to the extent that he has failed to receive the proceeds of the insurance policy.

As described above, the Bank will pledge the mortgage loans and any rights it may have in respect of insurance policies (such as the right to receive payments as a beneficiary, relating to such loan). It is unlikely that such beneficiary rights will pass to the Security Trustee as a result of the pledge of the mortgage loans. Therefore the Bank, as provided in the Trust Agreement, will separately pledge its rights (to the extent possible) in respect of the insurance policies. In respect of this pledge by the Bank it should be noted that the right of the Bank to receive payment as a beneficiary may constitute a future right. If this is the case, the right to receive these payments will not be subject to a pledge by the Bank in favour of the Security Trustee if it is deemed to arise after an emergency procedure (*noodregeling*) or bankruptcy of the Bank. The insurance companies may exercise a right of set-off in respect of payments due to the Bank as beneficiary in respect of the life insurances, particularly in cases where the premia received by the insurance companies have been on-lent to the Bank.

It should be noted that the above description of security arrangements sets out a general description of different provisions of the terms of the agreements with the Mortgagors. The exact terms of the mortgage loans and related insurance arrangements may differ since different types of documents are used by the different mortgage companies forming part of the Bank.

Legal Merger

As of 1 September 2000 Woonfonds Nederland B.V. (an indirect subsidiary of the Bank) and certain other entities have legally merged (*juridisch gefuseerd*) into Centraal Beheer Hypotheken B.V., and Centraal Beheer Hypotheken B.V., Avéro Hypotheken B.V. and FBTO Hypotheken B.V. and certain other entities have legally merged (*juridisch gefuseerd*) into the Bank. As of 1 January 2004 Woonfonds Holland B.V. has legally merged into the Bank. As a result of these legal mergers the Mortgage Companies ceased to exist and the Bank remained as the surviving entity. In the case of a legal merger (*juridische fusie*) all rights and obligations of the disappearing entity (the 'transferor') pass on to the acquiring or surviving entity (the 'transferee') by operation of law (Article 2:309 of the Dutch Civil Code). Exceptions to this general principle can exist as a result, *inter alia*, of statutory restrictions, the intention of the transferor and its contracting parties or the nature of the relationship between the transferor and such parties.

As a result of the legal mergers of the Mortgage Companies into the Bank, all rights and obligations between each of the Mortgage Companies and the Mortgagors in relation to the mortgage loans, the mortgage rights securing the mortgage receivables and the rights of the Mortgage Companies as beneficiaries under insurance policies have passed on to the Bank as set out below.

Mortgages and Pledges

As a result of the legal mergers described above, all rights and obligations of the Mortgage Companies under the mortgage loans, the mortgage rights securing the mortgage receivables and the pledges by the Mortgagors have passed on to the Bank subject to the following two paragraphs.

In respect of Bank Mortgages and Credit Mortgages, there is case law of the Dutch Supreme Court which has held that a security right under a Bank Mortgage or Credit Mortgage will not always transfer to an assignee in the case of a specific assignment

(*overgang onder bijzondere titel*). The foregoing principle applies *mutatis mutandis* to pledges by the Mortgagors in favour of the Bank that secure the same liabilities as the Bank Mortgages and Credit Mortgages ('Bank Pledges' and 'Credit Pledges' respectively). However, although there is no express decision of the Dutch Supreme Court on this point in the case of a transfer under universal title (*overgang onder algemene titel*) such as in the event of a legal merger, it is highly unlikely that the security rights of each Mortgage Company under a Bank Mortgage, a Credit Mortgage, a Bank Pledge or a Credit Pledge (to the extent that such Bank Mortgage, Credit Mortgage, Bank Pledge or Credit Pledge secured receivables of the Mortgage Companies against the Mortgagors that existed at the time of the legal mergers), have not passed on to the Bank, subject to the possible exceptions mentioned in the following paragraph.

Upon a legal merger and the passing on of a mortgage receivable to a transferee, the mortgage right or right of pledge may not pass to the transferee if the mortgage right or right of pledge was created with the view of granting such right only to the relevant transferor, in this case a Mortgage Company. In order to determine whether this special circumstance would exist, a Dutch court would primarily look at the text of the mortgage deed and, if applicable the deed of pledge, but would also take other facts into consideration. The chances that a Mortgagor will be successful in demonstrating that the mortgage right or right of pledge has not passed on to the Bank as transferee following the legal mergers as a result of the right having been granted only to the relevant Mortgage Company are remote where the agreements entered into consist only of the standard mortgage documentation used by the Mortgage Companies.

Insurance Policies

Some legal authors hold the view that rights with a strictly personal character do not pass onto a transferee in case of a legal merger. It has been argued that the right of a beneficiary under an insurance policy could constitute a personal right and therefore would not pass on to a transferee. However, reasonable arguments can be made, that the appointment by the Mortgagors of the relevant Mortgage Companies as beneficiary under an insurance policy issued under standard documentation of an insurance company has occurred solely to provide for a repayment at maturity of all or part of the loan made to the Mortgagor with proceeds of the insurance policy of the Mortgagor. It is highly unlikely that a Dutch court would come to the conclusion that the rights of the Mortgage Companies as beneficiaries under savings insurance policies or life insurance policies granted to the Mortgage Company by the Mortgagors in connection with the mortgage loans made by the Mortgage Companies to those Mortgagors would not have passed on to the Bank upon the legal mergers referred to above.

Enforcement

Prospective Noteholders should note that, unless directed by a meeting of the creditors of the Bank as provided in Article 24 of the Trust Agreement and save as provided in paragraph 2 of that Article, the Security Trustee is not bound to enforce the pledge in the event that the Issuer is in default under the Notes or any of its other debt obligations which have the benefit of the Trust Agreement. However, in the event that the pledge is enforced by the Security Trustee or the

Security Trustee gives notice of an acceleration to the Bank under Article 11 of the Trust Agreement an event of default under the Notes will occur and the Notes will automatically become due and repayable. In such event it is most likely that a similar default will occur under other borrowings and hedging transactions entered into by the Issuer with the benefit of the Trust Agreement. Given that the mortgage loans which have been pledged to the Security Trustee will not, however, become due and repayable but will continue to be repaid in accordance with their terms, it is unlikely that sufficient funds will be available to repay all such borrowings and to close out all such hedging transactions at the time they become due. It is also possible that Mortgagors will invoke certain defences as described above. Accordingly, in such an event prospective Noteholders may experience considerable delays in securing repayment of their Notes and, in certain circumstances, may not receive such repayment in full.

The Security Trustee is required to ensure that it does not countersign borrowing or hedge transactions (being valued as provided in the Trust Agreement) with a principal amount owing in excess of the sum of the outstanding amount of the mortgage loans the subject of the pledge and certain assets of the Issuer (see Article 4 of the Trust Agreement) pledged to the Security Trustee as provided in the Trust Agreement. Prospective Noteholders should note that there is a risk that the value of the security pledged may, as a result of adverse movements in Dutch property values or for other reasons, from time to time be less than the principal amount owing on the borrowing and hedge transactions which have been countersigned by the Security Trustee. In addition, prospective Noteholders should note that in respect of payments under the mortgage loans Mortgagors may invoke certain defences as provided above.

The Trust Agreement provides that by accepting debt instruments of the Bank which have been countersigned by the Security Trustee, the holders of such debt instruments shall be deemed to have knowledge of and to be bound by the provisions of the Trust Agreement.

The Security Trustee and its Board members are entirely independent of the Issuer and the Achmea Group.

The Board of the Security Trustee is formed by L.J.A. Simons, Prof. A.H.J. Kolnaar, H.P. de Haan and J.C. Terlouw.

COUNTERSIGNING:

Article 5

1. The Rights of Pledge have been and will only be created in respect claims on Achmea and the creditors of such claims will only be entitled to share in the proceeds pursuant to the provisions of Article 13 of this agreement, of amounts received by the Trustee if and to the extent that such claims have been countersigned.
2. Countersigning may only occur if:
 - (i) it concerns claims arising from (privately placed or publicly placed) non- subordinated loans to Achmea, all or almost all of which have been provided to finance mortgage loan or financially derived products.
 - (ii) the *Pro resto* Amount plus the amounts of the claims with respect to which Countersigning has been requested will, on the date of countersigning, not exceed the aggregate of the principal amounts of the Mortgage Claims pledged to the Trustee, the negotiable instruments and bonds pledged to the Trustee in accordance with Article 4 paragraph 1(b). and (c). and the liquid assets held by the Trustee in connection with this agreement.
 - (iii) there is no Notification Ground pursuant to which the Trustee exercises its power to make a Notification or expresses its intention to do so. The latter amount referred to in (ii) of this paragraph will hereinafter be referred to as the '**Threshold Amount**'.
3. When determining the Threshold Amount, a claim with respect to which Countersigning has been requested which is not expressed in Dutch currency and in respect of which Achmea runs any currency risk, will be taken into account for the equivalent in Dutch Guilders or Euros determined on the basis of the exchange rate on the date of Countersigning, plus an amount equal to twenty percent (20%) of the equivalent thereof.
4. A claim in respect of which Countersigning has been requested arising from a financially derived product will be taken into account for the negative substitute value on the date of Countersigning; the positive substitute value will not be not taken into account in this respect (the '**Market Value**').
5. When determining the *Pro resto* Amount the Secured Claims which are not expressed in Dutch Guilders or Euros and in respect of which Achmea runs a currency risk will be taken into account for the equivalent in Dutch Guilders or in Euros determined on the basis of the exchange rate effective on the date of Countersigning, plus an amount equal to twenty percent (20%) of such equivalent.
6. When determining the *Pro resto* Amount the Secured Claims arising from financially derived products will be taken into account for the amounts that would be due and payable in the event payments under the financially derived products would have to be made on the date of Countersigning.
7. Countersigning occurs by means of signing by the Trustee of the deed in which the claim is evidenced in respect of which Countersigning occurs.

Article 6

1. Achmea will ensure that each party that has or will have a claim against Achmea in respect of which Countersigning has been requested will be given a reasonable opportunity to take note of the contents of this agreement.
2. Countersigning results in the relevant creditor becoming a party to this agreement.

Article 7

1. The amounts to be provided by a lender to Achmea pursuant to a loan in respect of which Countersigning has been requested will be deposited in a bank account designated for such purpose (the '**Trustee Bank Account**').
2. The Trustee will pay the amounts received pursuant to paragraph 1 to Achmea on behalf of the relevant creditor within two (2) days of the Countersigning of the relevant loan or after such period required to arrange for Countersigning by and on behalf of the relevant lender, under the condition that, during the period between receipt of the relevant amounts and payment thereof to Achmea, the Trustee has not received a notice (i) from Achmea that a Notification Ground has occurred, or (ii) from the relevant lender that a ground for repayment of that loan in full has occurred which is still in full force and effect.
3. If and to the extent that it has been established that payment by the Trustee to Achmea of the amounts referred to in paragraph 1 received by the Trustee will not be made, the Trustee will transfer such amounts to a bank account to be designated by the relevant lender.

SUPERVISION RELATIONSHIP BETWEEN AMOUNT OF SECURED CLAIMS AND AMOUNT OF PLEDGED PROPERTY RIGHTS:

Article 8

1. Whenever such is determined by the Trustee, but at least once a month, the Trustee will determine whether the *Pro resto* Amount does not exceed the Threshold Amount on the relevant day (the 'Verification Date').
2. Article 5, paragraphs 5 and 6, of this agreement will apply accordingly, provided that in this case the 'date of Countersigning', shall be read as the 'Verification Date'.
3. If, for any reason whatsoever the *Pro resto* Amount exceeds the Threshold Amount at any time, Achmea and/or the Mortgage Company shall immediately and upon a first request of the Trustee provide additional security. DUTCH TAXATION

The following is intended as general information only and it does not purport to present any comprehensive or complete picture of all aspects of Dutch tax law which could be of relevance to a holder of Notes. Prospective holders of a Note ("**Noteholder**") should therefore consult their tax adviser regarding the tax consequences of any purchase, ownership or disposal of Notes.

The following summary is based on Dutch tax law as applied and interpreted by Dutch tax courts and as published and in effect on the date hereof, without prejudice to any amendments introduced at a later date and implemented with or without retroactive effect.

For the purpose of this paragraph, "**Dutch Taxes**" shall mean taxes of whatever nature levied by or on behalf of the Netherlands or any of its subdivisions or taxing authorities.

Withholding Tax

A Noteholder is not subject to Dutch withholding tax with respect to payments made under the Note, except if the Note functions as equity for the Issuer within the meaning of article 10 (1) (d) Dutch Corporate Income Tax Act 1969 ("**CITA**", *Wet op de vennootschapsbelasting 1969*), in which case any payment under the Note, other than a repayment of principal, will be subject to 15% Dutch withholding tax. As determined by case law, a Note functions as equity if:

- (i) the Note is subordinated to all debt;
- (ii) the Note does not have a final maturity date or has a term of more than 50 years; and
- (iii) any amount whatsoever to be paid under the Note is, either wholly or mainly dependent on the amount of profits realised or distributed by the Dutch Issuer.

Taxes on income and capital gains

This section does not purport to describe the possible Dutch tax considerations or consequences that may be relevant to a Noteholder who has a (fictitious) substantial interest in the Issuer.

Generally, a Noteholder has a substantial interest if such Noteholder, alone or together with his partner, directly or indirectly:

- (i) owns, or holds certain rights on, shares representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer;
- (ii) holds rights to acquire shares, whether or not already issued, representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer; or
- (iii) owns, or holds certain rights on, profit participating certificates that relate to

five percent or more of the annual profit of the Issuer or to five percent or more of the liquidation proceeds of the Issuer.

A Noteholder who has the ownership of shares of the Issuer, will also have a substantial interest if his partner or one of certain relatives of the Noteholder or of his partner has a (fictitious) substantial interest.

Generally, a Noteholder has a fictitious substantial interest (fictief aanmerkelijk belang) if (a) he has disposed of, or is deemed to have disposed of, all or part of a substantial interest or (b) he is an individual and has transferred a business enterprise in exchange for shares in the Issuer, on a non-recognition basis.

 - Investment institutions (beleggingsinstellingen);("Dutch Corporate Entities").

Dutch Individuals not engaged or deemed to be engaged in an enterprise or in miscellaneous activities

Generally, a Dutch Individual who holds Notes that are not attributable to an enterprise from which he derives profits as an entrepreneur (ondernemer) or pursuant to a co-entitlement to the net worth of such enterprise other than as an entrepreneur or a shareholder, or to miscellaneous activities (overige werkzaamheden), will be subject annually to an income tax imposed on a fictitious yield on such Notes. The Notes held by such Dutch Individual will be taxed under the regime for savings and investments (inkomen uit sparen en beleggen). Irrespective of the actual income or capital gains realized, the annual taxable benefit of all the assets and liabilities of a Dutch Individual that are taxed under this regime, including the Notes, is set at a fixed amount. The fixed amount equals 4 percent of the average net fair market value of these assets and liabilities measured, in general, at the beginning and end of every calendar year. The current tax rate under the regime for savings and investments is a flat rate of 30 percent.

Dutch Individuals engaged or deemed to be engaged in an enterprise or in miscellaneous activities

Dutch Individuals are generally subject to income tax in the hands at progressive rates with a maximum of 52 percent with respect to any benefits derived or deemed to be derived from Notes (including any capital gains realized on the disposal thereof) that are either attributable to an enterprise from which a Dutch Individual derives profits,

whether as an entrepreneur or pursuant to a co-entitlement to the net worth of such enterprise (other than as an entrepreneur or a shareholder), or attributable to miscellaneous activities (resultaat uit overige werkzaamheden) including, without limitation, activities which are beyond the scope of active portfolio investment activities.

Dutch Corporate Entities

Dutch Corporate Entities are generally subject to corporate income tax at statutory rates up to 25.5 percent with respect to any benefits derived or deemed to be derived (including any capital gains realized on the disposal thereof) of Notes.

(b) Non-residents of the Netherlands

A Noteholder other than a Dutch Individual or Dutch Corporate Entity will not be subject to any Dutch taxes on income or capital gains in respect of the ownership and disposal of the Notes, other than withholding tax as described above, except if:

- the Noteholder derives profits from an enterprise, whether as entrepreneur or pursuant to a co-entitlement to the net worth of such enterprise other than as an entrepreneur or a shareholder, which enterprise is, in whole or in part, carried on through a permanent establishment (vaste inrichting) or a permanent representative (vaste vertegenwoordiger) in the Netherlands, to which Notes are attributable; or
- the Noteholder is an individual and derives benefits from miscellaneous activities (resultaat uit overige werkzaamheden) performed in the Netherlands in respect of Notes, including, without limitation, activities which are beyond the scope of active portfolio investment activities; or
- the Noteholder is entitled to a share in the profits of an enterprise effectively managed in the Netherlands, other than by way of the holding of securities or through an employment contract, to which the Notes are attributable.

Gift tax or inheritance tax

No Dutch Taxes are due in respect of any gift of the Notes by, or inheritance of the Notes on the death of, a Noteholder, except if:

- (a) the Noteholder is a resident, or is deemed to be a resident, of the Netherlands; or
- (b) at the time of the gift or death of the Noteholder, his Notes are attributable to an enterprise (or an interest in an enterprise) which is, in whole or in part, carried on through a permanent establishment or permanent representative in the Netherlands; or
- (c) the Noteholder passes away within 180 days after the date of the gift of the Notes and is not, or not deemed to be, at the time of the gift, but is, or deemed to be, at the time of his death, resident of the Netherlands;
- (d) the Noteholder is entitled to a share in the profits of an enterprise effectively managed in the Netherlands, other than by way of the holding of securities or through an employment contract, to which the Notes are attributable, at the time

of the gift, or at the time of his death.

For purposes of Dutch gift or inheritance tax, an individual who is of Dutch nationality will be deemed to be a resident of the Netherlands if he has been a resident in the Netherlands at any time during the ten years preceding the date of the gift or his death. For purposes of Dutch gift tax, any individual, irrespective of his nationality, will be deemed to be a resident of the Netherlands if he has been a resident in the Netherlands at any time during the 12 months preceding the date of the gift. Furthermore, under circumstances a Noteholder will be deemed to be a resident of the Netherlands for purposes of Dutch gift an inheritance tax, if the heirs jointly or the recipient of the gift, as the case may be, so elect.

Other taxes

No other Dutch Taxes, such as turnover tax, or other similar tax or duty (including stamp duty and court fees), are due by the Issuer or the Noteholder by reason only of the issue, acquisition or transfer of the Notes.

Residency

Subject to the exceptions above, a Noteholder will not become a resident, or a deemed resident, of the Netherlands for tax purposes, or become subject to Dutch Taxes, by reason only of the Issuer's performance, or the Noteholder's acquisition (by way of issue or transfer to it), holding and/or disposal of the Notes.

EC Council Directive

As of 1 July 2005, based on Directive 2003/48/EC, the tax authorities of the EU Member States provide each other with details of payments of interest and similar income made to individuals who are the beneficial owner of those payments, but permits Austria, Belgium and Luxembourg instead to impose a withholding tax on the payments concerned for a "transitional period". The Directive also provides that no such withholding tax should be levied where the beneficial owner of the payment authorises an exchange of information and/or where the beneficial owner presents a certificate from the tax authority of the EU Member State in which the beneficial owner is resident. A number of non-EU countries and certain dependent or associated territories have agreed to adopt similar measures (in certain cases on a reciprocal basis). The Directive does not preclude EU Member States from levying other types of withholding tax.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated programme agreement dated 7 August 2007 (the 'Programme Agreement') agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under 'Form of the Notes' and 'Terms and Conditions of the Notes' above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme.

United States

The Notes have not been and will not be registered under the United States Securities Act of 1933 as amended (the 'Securities Act') and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed and each further Dealer appointed under the Programme will be required to agree that it will send to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

The Notes (other than any Notes issued with an initial maturity of 365 days or less) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code 1986, as amended and U.S. Treasury regulations issued thereunder.

Each issue of Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree, as indicated in the applicable Final Terms. Each relevant Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, (each a 'Relevant Member State') each Dealer has represented and agreed, and each Dealer appointed under the Programme will be required to represent and agree that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the 'Relevant Implementation Date') it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a 'Non-exempt Offer') following the date of publication of a prospectus in relation to those Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the date specified in such prospectus or final terms, as applicable;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than EUR 43,000,000 and (3) an annual net turnover of more than EUR 50,000,000, as shown in its last annual or consolidated accounts; or
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression 'offer of Notes to the public' in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression 'Prospectus Directive' means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the 'FSMA')) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and
- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Securities and Exchange Law of Japan (the 'Securities and Exchange Law') and each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law and any other applicable laws and regulations of Japan.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers or sells Notes or possesses or distributes this Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries. Save (in the case of the Issuer) for having obtained the approval by the AFM of this Prospectus as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the Netherlands and having requested the AFM to provide the CSSF with a certificate of approval attesting that the Prospectus has been drawn up in accordance with the Prospectus Directive, neither the Issuer nor any Dealer shall have any responsibility for obtaining any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries.

Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements

in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with any other restrictions on the Issuer or the relevant Dealer shall agree and as shall be set out in the applicable Final Terms.

In addition, Zero Coupon Notes in definitive form may only be transferred or accepted directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act (*Wet inzake Spaarbewijzen*) (including identification and registration requirements) (as amended), provided that no mediation is required in respect of (i) the initial issue of those Notes to the first holders thereof, (ii) any transfer and delivery by individuals who do not act in the conduct of a profession or trade, and (iii) the issue and trading of those Notes, if they are physically issued outside the Netherlands and are not distributed in the Netherlands in the course of primary trading or immediately thereafter. As used herein, 'Zero Coupon Notes' are Notes which qualify as savings certificates under the Savings Certificates Act, *i.e.* Notes that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.
